Potential Barriers

- Many of the event spaces can get very crowded and noisy
- This event is not scent-free
- Attendees will not be required to provide proof of vaccination, proof of negative COVID test, or wear face masks
- Most of the spaces use fluorescent lighting
- There are no automatic door switches for the restrooms in the Prefunction areas
- Some of the flooring in the event spaces, like the Great Northern and the Pavilion, are carpeted and could make wheeled travel more difficult
- Children are welcome, but the program, dinner, and activities are planned with adults in mind, and the whole event may run over 3 hours
- The sidewalks immediately outside the building and in the parking lot may be uneven and subject to weather conditions, such as water buildup from rain or ice if the weather is still cold
